August 2015

Volume 8, Issue 8

Art on the Shelf

In our library we have a small exhibit area dedicated to the display of the works of local artists. We call this project *Art on the Shelf*. The displays rotate monthly. Beginning in May, roses from the garden of Elnora Baker were featured. This was followed in June by Connie O’Harra’s charcoal drawings and watercolor paintings.

Currently, *Art on the Shelf* features the talents of local woodworker Donell Smock. We have two dozen of his handmade heavy equipment replicas on display. These were made from 2 foot lengths of 2”x8” white pine, with small parts made of oak or walnut. If you stop by the library to see these amazing replicas, plan to return mid-month as we will

be rotating more items into the display.

The Library Board has designated an art exhibit coordinator to oversee this project. If you are interested in learning more about displaying art in the library, contact Pattie Reinhart at 541-566-2371, or email at pattiereinhart@gmail.com.
