September 2016

Volume 9 Issue 9

Preschool Storytime Begins!

Preschool Storytime will begin at the library on **Friday, September 23 at 10:00**. Our goals are to provide a positive library experience for preschoolers, practice early literacy skills, and promote socialization!

Storytime is held each Friday morning at 10:00 and lasts about 30 minutes. Friday programs offer age appropriate activities such as books, music, and simple crafts. **This is a free program**, with no registration required.

Please do not stay away because you think your child's attention span is short! We have a lot of experience with restless toddlers,

season progresses, kids become more attentive.

Participation in storytime is one of the easiest and most effective things you can do to promote pre-reading skills for your child. All preschoolers, including babies, are welcome to attend with a parent or caregiver.

Weston Public Library
