

Theme Backpacks

Thanks to a Ready to Read grant to our library from the Oregon State Library, theme backpacks for kids have been created and are ready for checkout, just in time for Spring Break!

Our backpacks contain books and objects pertaining to a particular subject. They can be checked out by parents and caregivers for a three-week period, just like other library materials.

Currently, we have available the following backpacks:

- * Dinosaurs
- * ABCs
- * Space
- * Bugs
- * Bird Watching

To give you an idea of what's inside, the Birdwatching backpack includes binoculars, books about bird identification, and an audio CD of common bird sounds.

All backpacks have an attached list of what's inside so you can double check the contents when returning them.

Spring Break Storytime

Come to the library for a special storytime on **Friday, March 30 at 10:00 am**. **Elementary** age kids are invited to join the **preschoolers** for stories, snacks, and a simple craft. Questions? Call the library at 541-566-2378.
